In the evening we open at 7.30. C.T. with news in Papiamento - the language of the people here - after that news in Dutch — (I make the newsreals).

At 8.00 you will hear Opera music till 9.30. from 9.30 to 10.00 every Sunday, Monday and Friday you hear a special broadcast for our friends - the American troops.

(Than you hear my voice !!! It's beautiful.).
The rest of the days are different.
When you hear us again, please write it to us because we like it very, very much! G.T.P.

It is difficult for me to write in the English language thus please forgive my mistakes.

I hope to hear from you very soon because we can tell each other something from ourself. It is broadening your insight in the people of the world.

Very Yours Truly
